

Nur A. Hasan, PhD, MBA

President and CEO | EzBiome Inc., USA.

E: hasan@ezbiome.com | P: +1.443.977.8118

Biography

Dr. Nur A Hasan is a molecular microbiologist with subject matter expertise in microbial genomics, microbiome, bioinformatics, and molecular ecology. He is an accomplished Executive with experience in strategic development of technology innovation in the biotechnology, and life science industries. Dr. Hasan received his Bachelor and Master's in Microbiology, M.B.A in Marketing and Ph.D. in Genomics. His research resulted in multiple patents, over hundreds of scientific articles on molecular ecology, infectious diseases, microbial genomics, and microbiome. Dr. Hasan has professionally served at various prestigious advisory committees (i.e., WHO Expert Panel, ASM NGS Coalition, etc.) and editorial board of multiple prestigious scientific journals and continues to serve as an *ad hoc* reviewer for 20+ peer reviewed scientific journals. Before joining EzBiome, Dr. Hasan was the Chief Scientific Officer at CosmosID Inc, and Adjunct Professor at the Center for Bioinformatics and Computational Biology at the University of Maryland College Park, USA. He also served as a technical consultant to US FDA, and several clinical diagnostics laboratories in USA. Currently, Dr. Hasan is the President and CEO of EzBiome Inc., a microbiome solution company in USA, that applies precision taxonomy and cutting-edge genomics and bioinformatics to build technology, platform, and solutions to revolutionize microbiology and medicine.
